

## SERIOUS PANIC DURING FUNERAL

Cry of "Fire" Was Raised Near the Church.

GRAND RUSH FOR THE DOORS

POLICEMEN PRESENT PREVENTED LOSS OF LIFE.

Chicago, Jan. 3.—A serious panic occurred this afternoon at the funeral of Miss Carrie Sayre, one of the victims of the fire. The services were in progress in the South Chicago Congregational church, in the suburbs of South Chicago, and the building was filled. A fire broke out from the church and the first intimation of it was conveyed to the people in the church by a cry of "fire" in the street. Many rushed for the doors.

Two policemen stationed in the church called out to the people that there was no danger, and urged them to resume their seats. Their advice was not heeded, however. The pallbearers went to the side of the casket and stood in readiness to remove it, and the family of the dead girl prepared to leave. Suddenly a cloud of smoke came in through the open door and the sight and smell maddened the people. The two officers had barely time to swing the doors open when the rush came. This was all that saved a severe crush, and probable loss of life, as the crowd plunged through the doorway.

When the street was reached and it was seen that there was no cause for alarm the greater part of the people returned to the church and the services were finished. Nobody was injured.

## JAPANESE PRESS URGING OPENING OF HOSTILITIES

(Continued from Page One.)

Oil company's new premises here was a bluff designed to cover the erection of a fort, Russia sent a cruiser to investigate the matter with the officers landing and took measurements, after which they proceeded to Port Arthur. In well informed circles it is alleged that Russia covets "Telegraph."

The Daily Telegraph's Tokyo correspondent says:

"Russia has sent a further reply to Japan. I understand that it is a non-committal character, making merely for delay."

DIFFICULT TO AVERT WAR.

Japan Disposed to Have Her Way or Fight.

London, Jan. 4.—Cable news dated Jan. 2, the Times' Tokyo correspondent says:

"The situation is extremely critical. Russia maintains a profound silence. Failing some conciliatory action on the part of Russia, of which there is now no appearance whatever, Japan will certainly adopt within a few days active measures to secure her vital interests. After this, war will become very difficult to avert."

The Daily Telegraph's Tokyo correspondent announces that the British cruiser Sirius has been ordered to Chemo as a precaution against disturbances in Seoul, but that the warship will not land forces unless requested to do so by the British consul for the purpose of protecting the legation.

The Times' Shanghai correspondent says that both the Russian and Chinese are buying silver, principally in Shanghai and Hong Kong, for shipment to the north.

The same correspondent says that a native journal is publishing the full text of telegrams which passed between Li Hung Chang and the tsung li yamen (Chinese) office in April, 1896, when Li Hung Chang was at St. Petersburg arranging for a Manchurian railway convention. These dispatches show that Russia threatened to ally herself with Japan unless she was granted facilities to construct the railway, which she represented as intended to facilitate the dispatch of troops for the protection of Russian and Chinese territory against the aggression of other powers, principally Japan. The local Japanese officials are profoundly impressed with these documents, which, says the correspondent, are undoubtedly genuine.

He adds that the publication of the documents cannot fail to intensify Japanese irritation.

OUTLOOK IS DARK.

Gloomy View Taken by Japanese Minister at Washington.

Washington, Jan. 3.—Cablegrams received here today from Tokyo show the situation in the far east to be unchanged, and at a late hour tonight it was declared at the Japanese legation that nothing had occurred to dispel the gloomy view taken there of the prospects for peace. The fact that Mr. Takahira, the Japanese minister, regards the situation as extremely critical does not prevent him from hoping that a way may yet be found by which the questions between Russia and Japan may be settled without recourse to arms. The Japanese government, it is said, is not anxious for war, and throughout the negotiations have endeavored to represent all war talk. Japan, it is added, will await patiently the Russian reply and will not delay after receiving the note in announcing her future course. It is said that substantial concessions must be forthcoming from Russia in Korea that will offset the jurisdiction which Russia claims in Manchuria if war is to be averted. The Russian government has been urged to reply promptly.

Must Take Possession.

Rome, Jan. 3.—Italy has insisted that the Japanese government shall take possession of the Kasaga and Niasin, the warships built at Genoa for the Argentine republic and purchased by Japan. In taking this action the Italian government desires to prevent the Russian government from being compelled to ask for the confiscation of these vessels in the event of a conflict, as it is Italy's wish to maintain the strictest neutrality.

Official Denial.

St. Petersburg, Jan. 3.—The report that the Russian volunteer fleet cruises Kazan and Ekaterinoslav, carrying munitions of war and marines to the far east, have been recalled to the Black sea, is officially denied. According to the rumor the vessels were recalled as the possibility of their capture was feared. The Ekaterinoslav left Singapore Saturday last for Port Arthur.

Held For Orders.

Bizerta, Tunis, Jan. 3.—The Russian cruiser Aurora sailed today for Alexandria, but, in accordance with telegraphic instructions, the remainder of the squadron destined for service in the far east has postponed its departure.

Departure Postponed.

Paris, Jan. 3.—The Russian warships here have been ordered to postpone their departure.

## NEW ENGLAND EMERGING FROM THE CLUTCHES OF A TERRIBLE BLIZZARD

Boston, Jan. 3.—With the mercury hovering around the zero mark in this city and reaching an extreme of 25 degrees below in northern Maine, with a drift of snow piling up at exposed points in huge drifts that delayed railroad traffic, caused the abandonment of street railway schedules, and in many cases interfered with the street lighting systems, New England slowly emerges today from the clutches of the wildest blizzard that has swept this part of the country since the memorable storm of November, 1898.

The gale, accompanied by a blinding fall of snow, swept the coast from Newport, R. I. to Eastport, Me., until noon today, when it moved eastward, and tonight was raging with almost unprecedented violence over the maritime provinces. New Brunswick and Nova Scotia suffered the most.

Double patrols of life-savers are watching the coast tonight, as they have for the past thirty hours. Only one shipwreck is reported, that of a schooner, Belle J. Neal, on Allerton bar, but late tonight a woman's body was washed ashore at Nantuxet, and it is feared that another vessel has been wrecked. Since last night five deaths from exposure have occurred in this city.

At Nantuxet the harbor of Siasconsett is frozen for the first time in several years. The supply of provisions is low and much anxiety is felt by the islanders.

## CHANGES FOR GREATER SAFETY TO BE MADE IN SALT LAKE THEATRE

The recent Chicago fire calamity has caused the management of the Salt Lake theatre to increase the precautions that have been taken to guard against a similar result in case of fire.

Owing to the cancellation of Robert Mantel, Malcolm MacDowell and other attractions, for the next two weeks the theatre will be dark. Advantage of this fact will be taken to make certain changes that are deemed advisable for the safety of patrons.

The theatre is to be provided with the latest improved asbestos curtain.

Manager George D. Pyper has already wired manufacturers for prices. Mr. Pyper and Fire Chief James Devine have made a minute inspection of the building with a view to ascertaining what changes are needed. It was decided to widen a number of the exits, especially from the gallery, and it is possible that material changes will be made if the stairways.

A. J. Davis (re-elected), T. R. Black (re-elected) and C. M. Neuhausen.

The following appointments by city officials-elect have already been announced:

City recorder's office—Chief deputy, R. W. Hartley; deputy in criminal division of city court, William H. Leary; clerk in criminal division of city court, W. H. Wilkins; deputy civil division of city court, George Maycock; clerk, civil division of city court, W. D. Neal; stenographer and deputy, Miss Ethel McDonald; stenographers, Miss Tilly McDonald and Miss Emma Hodges.

City treasurer's office—Chief deputy, George H. Wood; clerks, W. P. Jennings and M. M. Beaver; license collectors, John Halverson and J. H. Haslam.

City auditor's office—Chief deputy, W. D. Bowring; clerk, Miss Sara Edgington.

City attorney's office—First assistant, W. H. Elliot; second assistant, D. O. Willey, Jr.

PETITION AND PRESENT.

Prince Frederick Sends Valuable Watch to Pope Pius.

Rome, Jan. 3.—Prince Frederick of Schoenburg-Waldenburg has sent a lawyer to the vatican to present a petition to the pope asking for the annulment of the marriage of the prince with the Princess Alice, daughter of Don Carlos, pretender to the Spanish throne. The prince's petition will say that the infidelity of the princess has been proven.

At the same time Prince Frederick sent to the pope as a New Year's present a gold watch decorated with brilliants. The pope has sent his thanks to the prince, but says that he will not wear the watch, but will continue to use the nickel one which he bought when he was a parish priest.

EXCESSES OF BRIGANDS.

Situation in the Caucasus Becomes Intolerable.

Berlin, Jan. 3.—The St. Petersburg correspondent of the Lokal Anzeiger says that conditions in the Caucasus are intolerable owing to the Armenian revolutionary movement and the excesses of the brigands.

The correspondent adds that the Grand Duke Nicholas has arrived at St. Petersburg for the purpose of explaining to the czar that Prince Galitzan, the governor general of the Caucasus, is unequal to dealing with the situation.

The trouble in the Caucasus is the result of an imperial decree confiscating the entire property of the ancient Armenian church in Russia.

URUGUAY'S TURN.

Revolution Has Broken Out in Department of Maldonado.

Buenos Ayres, Jan. 3.—A dispatch from Montevideo says that a revolution has broken out in the department of Maldonado and that a state of siege has been proclaimed throughout the entire republic of Uruguay.

An Associated Press dispatch from Montevideo, Jan. 3, said Uruguay was much disturbed and that a combined movement of the Blanco party was feared.

## JEWISH LEAGUE HOLDS MEETING

Effort Being Made to Prevent Anti-Semitic Outbreaks.

CONVENTION WILL BE HELD

PERSECUTED JEWS TO RECEIVE ASSISTANCE.

Philadelphia, Jan. 3.—A largely attended meeting under the auspices of the Jewish league of America was held in the synagogue B'nai Abraham here today, at which it was decided to hold a national convention in this city of all the societies of Jews interested in Russia. Among those present were Jacob Saperstein, J. Mogulesko, M. Broth and Louis Kass, representing the Kishenev relief committee of New York. A temporary organization was formed in order to prepare plans for the convention. Rabbi B. Leventhal of this city was elected temporary chairman.

It is proposed that the national committee devise ways and means for the prevention of outrages similar to the Kishenev massacre and to assist those who desire to leave countries where they are persecuted and go to other parts of the world, preferably to this country.

## MODIFIED MARTIAL LAW.

Men Who Were Ordered Out of Telluride Will Stay Out.

Denver, Colo., Jan. 3.—Governor Peabody tonight declared a modified form of martial law in Telluride, and that city will be placed under the same restrictions as now prevail at Cripple Creek.

The object of the order is understood to be to prevent the entry of the men who were arrested and sent out of the district. These men are considered by the military as agitators who are responsible for the whole trouble in Telluride.

J. Warner Mills presided over a mass-meeting which crowded Coliseum hall tonight, to protest against the action of the militia in the mining districts of the state. Among the speakers of the meeting was "Mother" Jones, General J. Charles Thompson and Judge Owens.

DROPPED DEAD.

Montana Pioneer Meets Sudden End Near Dillon.

(Special to The Herald.)

Dillon, Mont., Jan. 3.—G. W. Emerick, one of the oldest residents in this county, who has made his home in this section ever since the discovery of gold in Grasshopper gulch, dropped dead this morning of heart disease at his ranch, a few miles from town. He had been the house to pump a bucket of water, and a few minutes afterwards his two sons found him dead beside the pump. He was 76 years old and quite wealthy. Two sons and his wife survive him. He was a member of the Pioneer society of Montana.

MISSILES THROWN BY STREET CAR STRIKERS

Bloomington, Ill., Jan. 3.—Riotous scenes marked the street car strike today. Windows in six cars were smashed by missiles thrown by strike sympathizers, who congregated several hundred strong at various points along the line. J. Kincaid and G. H. Morris were dragged from their cars and severely beaten. The mayor admits that he is not able to cope with the situation, and President Deming of the street car company announced that tomorrow he will request the mayor to ask for militia.

GOD'S PROTECTION NOT MADE OF BURLAP

Binghamton, N. Y., Jan. 3.—One of the most largely attended funerals ever held here was that of Clarence Burr Scott, "Harry Judson" of the "Millionaire" company, who was burned to death in the rooftop theatre fire in Chicago. Rev. Dr. A. W. Hamlin, drawing a lesson from the sham protection of the theatre, said:

"God gives a protection to those who trust in him that drops down in time of temptation, and it is made of asbestos and not of burlap."

Have you ever tried Scott's Emulsion for a thin, weak child, one backward in growth and slow in development? Those who have know the pleasure of seeing their delicate child grow strong and become well-developed under the gentle but effective influence of Scott's Emulsion. For the weak growth of the bones, Scott's Emulsion supplies those powerful tonics, the hypophosphites. For the lack of proper healthy flesh Scott's Emulsion provides the nourishing cod liver oil in an easily digested and palatable form. Any child that needs more and better nourishment—effective nourishment—will get it in Scott's Emulsion. There is no other remedy or food that combines so much that is necessary in maintaining good health and right growth in children.

We'll send you a sample free upon request.

SCOTT & BOWNE, 405 Pearl Street, N. Y.

Katherine Sener, 8 years old, daughter of a Baltimore newspaper man, died in the arms of the conductor after being taken from the wrecked car. An unknown woman was so wedged in the wreckage that her dead body is unrecognizable. It is thought she was Mrs. E. E. Roy, or Foy, of Philadelphia. Mrs. Sener, mother of the dead child, was perhaps fatally injured. Her son was also injured. None of the other passengers are believed to have sustained serious injuries.

THE train, consisting of five cars and an engine, was bowling along up the steep grade about fifteen miles an hour when the accident occurred. All except the ladies' car passed safely over the broken rail.

GENERAL CACERAS KILLED.

More Fighting on Troubled Island of Santo Domingo.

San Juan, Porto Rico, Jan. 3.—Thirty of the followers of General Wos y Gil, from Santo Domingo, including all the Dominican revolutionary generals now here, will sail tomorrow on the French steamer St. Simon, going direct to Puerto Plata. From there they will hasten to join General Jimenez before San Domingo. They declare themselves confident they will be able to overthrow the government of President Morales.

The St. Simon will carry a good supply of ammunition and stores as well as a number of horses secured in Porto Rico. Other Porto Ricans recruited by the revolutionists will sail Tuesday on the schooner Mayaguez.

General Wos y Gil says he will remain in San Juan for three weeks more on the advice of his friends, who fear he will be assassinated should he return to Santo Domingo now.

A cablegram was received yesterday from revolutionary sources at Puerto Plata that General Caceras, the provisional vice president, has been killed.
